Naval Sea Logistics Center Detachment Portsmouth
NAVSEALOGCENDET Portsmouth is dedicated to providing and maintaining past performance quality and delivery information through the use of our PDREP WEB based applications. The PDREP WEB application includes input screens for Contract Awards, Inspection Records, Web PQDR, SDR, and various other records used in PDREP. Also included are user reports on system collected data. Level I/SubSafe is used for verifying Level I material markings prior to shipyard installation. The Supplier Audit Program is process audit results conducted at contractor facilities by both government activities and prime contractors participating. Red/Yellow/Green (RYG) is an application that generates contractors classifications based on their past quality and delivery performances for material and services provided to the Government. Feedback is an application for end-users to submit requests for enhancing and/or modifying any of the PDREP applications. Request Access now.

NAVICP Defective Materials Summary (DMS)
PDREP is an automated information system designed to track quality and delivery performance on material/services procured by the Navy. Data is collected from all Naval Systems Commands on a daily basis and is maintained in the following records on the database: Contractor CAGE Information, Debarment/Suspension, Contract Delivery Data, DLA Contractor Alert List, GIDEP Alerts, Material Inspection Records, Product Quality Deficiency Reports, Qualified Product List, Special Quality Data, Surveys, and Test Reports. The application offers a wide selection of standard, management, and graphical reports. Also, a powerful Ad-Hoc feature allows users to design their own reports.

DoD WARNING
This is a Department of Defense computer system. This computer system, including all related equipment, networks and network devices (specifically including internet access), are provided only for authorized U.S. Government use. DoD computer systems may be monitored for all lawful purposes, including to ensure that their use is authorized, for management of the system, to facilitate protection against unauthorized access, and to verify security procedures, survivability and operational security. Monitoring includes active attacks by authorized DoD entities to test or verify the security of this system. During monitoring, information may be examined, recorded, copied and used for authorized purposes. All information, including personal information, placed on or sent over this system may be monitored. Use of this DoD computer system, authorized or unauthorized, constitutes consent to monitoring of this system. Unauthorized use may subject you to criminal prosecution. Evidence of unauthorized use collected during monitoring may be used for administrative, criminal or adverse action. Use of this system constitutes consent to monitoring for these purposes.
MESSAGES: The PDREP Application will be unavailable during the following routine maintenance periods (EST):
- Weekly Friday 11:00PM to Saturday 6:00AM
- Monthly Last Saturday between 7:30AM and 12:30PM

PQDR Navigation

PQDR HOME PAGE

Choose a PQDR Link	
Create New PQDR	Create a new PQDR record. The user must supply an RCN number
Search for Existing PQDR	Search for a specific record by RCN or Requisition number. If the PQDR is found the system will automatically retrieve the record for viewing\editing. You may also enter partial numbers and then choose from a list of similar RCN numbers.
Select RCN From Worklist	View all of the PQDRs that currently require attention for a given user and\or DoDAAC. You may select any PQDR from this list for viewing\editing
Clone PQDR	Create a new PQDR that includes data from an existing PQDR.
GADROS Worklist	View and Process PQDRs that were initiated by non-PDREP Originators using the GADROS system (Globally Accesible Deficiency Report Origination System). This feature is only available for Screening Points that belong to one of the default Navy or Marine activities.
Choose a Search Link	
Advanced Search	Search PQDRs based on Level, Activity, Year, User ID, NIIN, Status, or Control Number.
CDCS Search	Search CDCS records based on Year, Doc Type, Cause Code, NIIN, CAGE, Contract Number, Action Office, CDCS number.
DCMA Search	Search PQDRs based on Year, Fiscal Quarter, Region, Activity.
DFAS Search	Same as Advanced Search but with DFAS data in the result set.
End Item Search	Search PQDRs based on End Item NIIN, Next Higher Assy NIIN, TAM, Type\Model\Series.
MIR PQDR Search	Search MIR records based on Year, MIR Attribute, NIIN, CAGE, SMIC, Contract Number, DoDAAC, JOB Order, Project.
NIIN\Contract Search	Search PQDRs based on NSN related criteria.

Gentlemen:
A recent review of unanswered correspondence on file at this office has revealed a Product Quality Deficiency Report (PQDR) against your company currently being held open pending your reply to the reported deficiencies.
As of this date, no account of your finding or other acknowledgement of receipt of our letter has been received by this office; therefore, since it may have been lost of misrouted, enclosed is an additional copy for your review and action as specified by the Product Quality Deficiency Report (PQDR) enclosed with this letter.
